

Full Time Tenure Track Department of Physics

Faculty Position, Universidad del Valle, Cali, Colombia

The Department of Physics (<http://fisica.univalle.edu.co>) at Universidad del Valle (UniValle) invites applicants for a full-time tenure-track faculty position in the following areas of physics: experimental quantum information, high resolution optical spectroscopy and ultrafast phenomena, or experimental condensed matter with emphasis on fabrication and characterization of magnetic structures. UniValle is one of the largest public universities in Colombia, with recognition for excellence in both teaching and research.

The successful applicant will be committed to excellence in teaching undergraduate and graduate courses as appropriate, and also to contribute towards other academic activities. The experimentalist appointee is expected to establish a high quality, internationally recognized research program that complements and enhances our existing thematic coverage of photonics, quantum sciences, and novel materials. In particular, we welcome applications from researchers who can demonstrate the ability to capitalize on the recent infrastructural and equipment investments in the laboratories for quantum optics and information, and ultrafast physics at our Department.

Applicants must have a B.S. in Physics, Engineering Physics or Mathematical-Physics, and a Ph.D. in Physics, and some post-doctoral research experience, although not compulsory, is desirable. Applicants should also demonstrate one year of formal teaching experience (see link below for details).

Applications can be submitted online up to 17:00 h (colombian time), on August 24th 2018, by providing all the requested information indicated at: http://viceacademica.univalle.edu.co//convocatoria_docente/2018/

For further information, please contact:

Prof. Dr. Walter Torres

Dean of the Faculty of Natural and Exact Sciences

Universidad del Valle, 760032 Cali, Colombia

e-mail: decanatura.cienciasnaturales@correounivalle.edu.co

Phone (+57-2) 3212100 Ext. 7518

Position starting date: January 2019
